The powerful yet simple MIS

RM Integris

North Yorkshire

RM Integris,
the powerful,
yet simple MIS.

RM Integris is a school management information system (MIS) created by RM Education. There are a number of MIS products on offer for schools in the marketplace today but RM Integris is different.

It has been designed by a well-established team of education experts with you, the user in mind. It is therefore simple to use, yet without compromising on any of the functionality you need. It is powerful yet fairly priced and increasingly popular with schools looking for a more intuitive and value for money MIS solution.

Put simply, RM Integris makes school life easier to manage, yet also delivers the data and reporting required to really make an impact.

"RM Integris just does what we need it to do. It's reliable and second-to-none"

Phil Rawlings

Headteacher, Netherbrook Primary School

It's simple and easy to use

At RM we're all about simplicity. Why make an MIS complicated and challenging to use when it really doesn't need to be?

Switching is as easy as one, two...

With no need for additional modules and full support and training, switching to RM Integris is incredibly easy.

Why our community choose RM Integris.

We have exceptional and instant support

With 85% of all support queries resolved during the very first call, our highly experienced team make sure RM Integris is working to its highest potential.

Join our community and shape the future of your MIS

We listen to you to get input for future developments and to find out how you think we are doing. We also put Integris users in touch with each other for knowledge and idea sharing.

"Now school information is likely to be more accurate and we don't find it as time consuming as that mad rush we used to have."

Myra Edwards

Headteacher, Biddick Hall Infant School

We keep it simple. Simple to use, manage and improve.

At RM we're all about simplicity. Why make an MIS complicated and challenging to use when it really doesn't need to be?

RM Integris enables you to easily record pupil progress, set targets and analyse all assessment, attendance and behaviour across individuals, groups, classes and years. All in one place. So you can quickly identify any barriers to attainment and achievement.
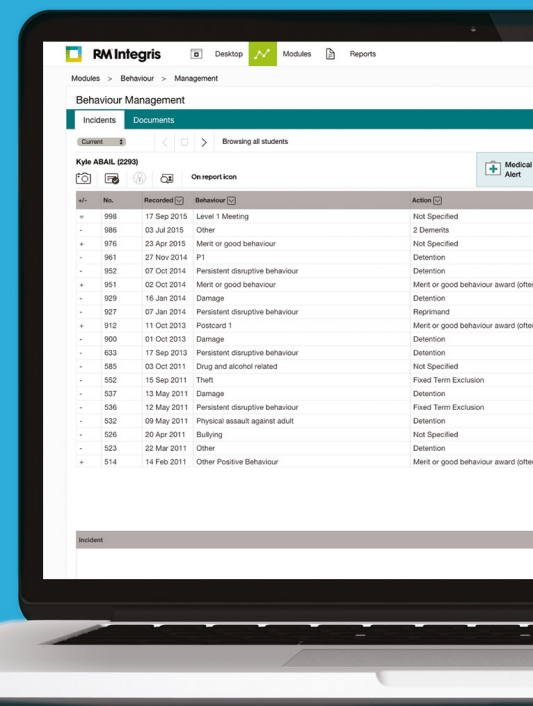

One database

An efficient way to input and capture all pupil assessment, attendance, behaviour and performance data in one central system from foundation to secondary.

One solution

RM Integris offers one solution to many challenges. Whether that is to easily interrogate pupils' current and past progress, identify trends to inform timely intervention activities or narrow the achievement gap. RM Integris can do it all.

One price

Pay once, regardless of the functionality you choose now, or in the future. Our pricing is fair and transparent. There are no hidden charges and you won't be asked for more money if you need more modules.

Visit **rm.com/integris** or call us on **0808 172 9531** to find out more.

04

> "I find RM Integris really easy to use and it's very intuitive. It's just second nature."

Rebecca Cox
Headteacher, Lutley Primary School

Our key features & modules

Find out about some of the modules within RM Integris at no extra cost to you, offering all the functionality you need with absolutely no hidden extras.

RM Intelligence Analysis Dashboard

An automatic dashboard that surfaces MIS data into graphical analysis enabling all stakeholders to quickly identify numbers and trends.

Behaviour Management

A positive, negative and neutral behaviour tracking system is fully adaptable to the individual school needs whilst also maintaining the full range of statutory requirements.

Assessment

A fully customisable suite of assessment tools enabling complete flexibility to create assessment plans, markbooks and analysis that suits the learning outcome of the school.

Reports

The reporting system consists of template reports and three methods of bespoke report creation covering areas including assessment, attendance, behaviour, cover, reports and exams.
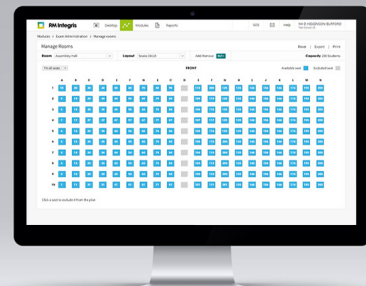

Teacher Desktop

A single area for teacher access to areas such as registration, diary, attendance, cover and markbooks.

Alerts

A range of personal alerts to enable users to be instantly made aware of inputs into the MIS.

Staff Details

A comprehensive area for storing, editing and using a wide range of staff data.

Student Details

A comprehensive area for storing, editing and using a wide range of pupil data.

Exam Management

A complete end-to-end examination process.

05

Switching is easy as one, two...

If you aren't an RM Integris customer yet, now is the right time to consider a switch. Why? Well, we've listened to and acted upon what schools want when they change MIS supplier, and we've made switching so much easier than ever before. We promise no complications, no lost hours, and require minimal input from you. It couldn't be simpler.

"The move was so well planned out I was worried I didn't have anything to worry about."

Shalin Ahmed.

Business Manager, Tower Hamlets PRU

Fair and resonable pricing

Unlike other leading MIS providers, our fees are transparent and justifiable. We believe in fair agreements and we can help you achieve savings when you switch, through much improved (and no hidden) costs.

You get full support and training

We've been working with schools for decades and we understand that an MIS switch can be challenging. However, each of our support team is an education expert, not just a customer services advisor on the end of the phone. Switch with us and you'll notice the difference.

No need for additions

With RM Integris you won't need to buy any additional products – every cost is included so you can easily see what you're getting for your investment. You'll also benefit from complementary products that will integrate seamlessly with RM Integris.

It takes no time at all

A common misconception is that changing MIS is time-consuming. This may be so for other MIS suppliers. However, in many cases we are able to switch your MIS to RM Integris in just two hours.

Our support is exceptional and instant

We understand you want excellent support and a helpful contact to hand when you need them. This is where RM Integris really excels. You've got the choice of excellent support from either the North Yorkshire County Council team or direct with RM.

Our support staff are a specialist in-house team that will quickly resolve your queries – as well as helping with the embedding process – to make sure you are absolutely making the most of your MIS.

"Whenever I've got any problems I give the support desk a quick ring. I want to use the system to its fullest, and so having that support on offer is really crucial."

Phil Rawlings
Headteacher, Netherbrook Primary School

We're here when you need us
Our support team ensure that every call is dealt with immediately. In fact, 85% of all support queries are resolved during the very first call. Our team are not just call centre advisors, we're all education and technology experts.

Full range of training options
We offer full training which is included in the setup package. Additional modules are also available for you to pick and choose from as you wish.

To support you even further we also run highly acclaimed RM Insight meetup events taking place regularly across the country. These events offer ongoing CPD, discussion topics and a chance to meet with many other schools using RM Integris.

Be a partner in shaping the future of <u>your</u> MIS

We've worked in education for decades and we know the importance of listening to customers. That's why we make two-way communication with you a top priority.

RM Integris has therefore been built from the ground-up based on school feedback. We listen to customers to get input for future developments and to find out how you think we are doing.
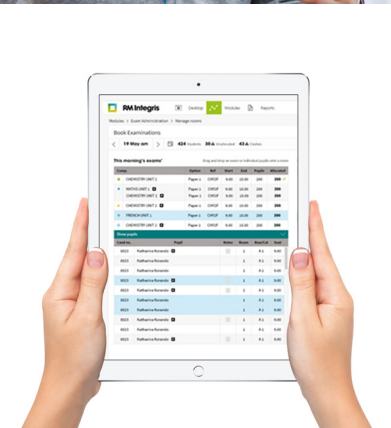

We also like to think of Integris users as partners that form a community and we see real value in putting you in touch with each other to find out how similar schools are using their MIS.

That's why we have created the RM Insights meetup events which take place regularly, around the country, giving you the chance to learn more about Integris best practise. You'll meet like-minded people facing the same challenges as you, and you'll hear about tried and tested solutions to help your team embed and use Integris like never before.

If you'd like to join us at one of our Insight Meetup events, book your place today at :
events@rm.com

Or call us free
on 0800 0469801.

"It's easy to navigate your way around the system and things are just where you expect them to be."

Shalim Ahmed.

Business Manager, Tower Hamlets PRU

Don't just take our word for it, hear from our community.

We like to think of Integris users as partners that form a community and we see real value in putting you in touch with each other to find out how similar schools are using their MIS.

At the RM Insights meetup events you'll get the chance to learn more about Integris from like-minded people facing the same challenges as you, and you'll hear about tried and tested solutions.

"Having one centralised system is really efficient and it gives great value for money."
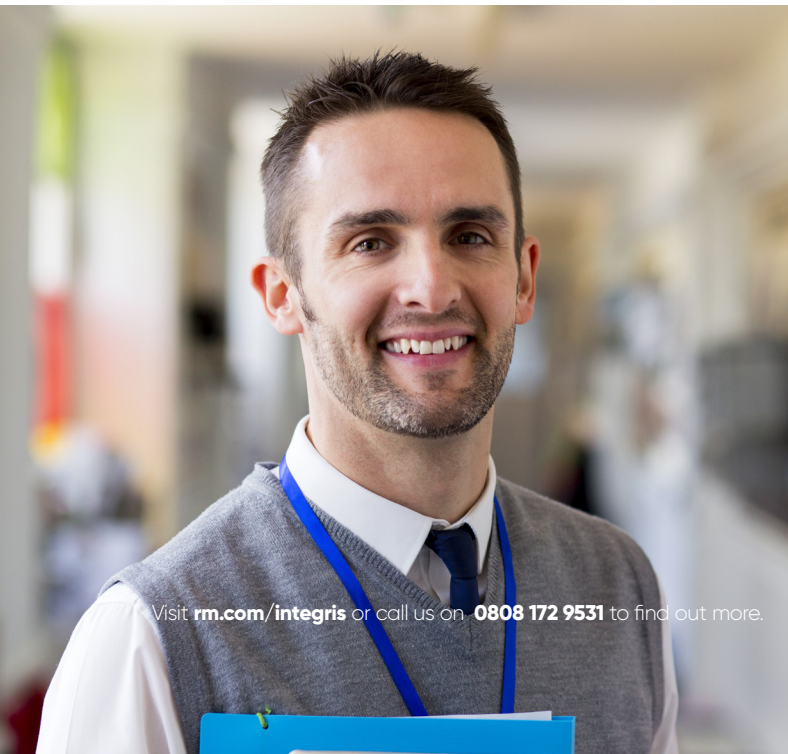

Phil Rawlings

Headteacher, Netherbrook Primary School

"It was one of the few solutions that offered cloud-based access from all our different sites without the need for a dedicated server."

Shalim Ahmed.

Business Manager, Tower Hamlets PRU

09

More reasons our community choose RM Integris.

RM Integris is simple to use, easy to understand and makes a positive difference in schools every single day. It has a big impact on how you manage and manipulate data, and much less of an impact on your bank balance when compared with leading competing solutions. Put simply, RM Integris does exactly what you want it to do, with greater positive benefits in school, yet for far less investment.

RM Integris saves you time

RM Integris is an intuitive MIS; you won't waste valuable minutes looking for the functionality you need, and you can therefore spend more time teaching or working on the things that really make a difference in school – rather than admin.

RM Integris saves you money

With RM Integris you won't be asked to buy additional modules every time you want to add functionality because everything is included in one simple price. It's a transparent and fair MIS solution that schools say is great value for money and easy to use.

RM Integris is fully cloud-based

RM Integris was the first MIS to be completely cloud-hosted, proving our commitment to innovative solutions to support schools. This means you won't need to invest in hardware to run the solution so you can cut back on the number of servers you use. You'll also be able to reduce the amount of time spent managing hardware; all updates are automated; and it's easily scalable too.

RM Integris has an impact in your school

RM Integris delivers intuitive and powerful reporting and analysis tools to help inform school improvement strategies. It can provide evidence around the impact of new strategies, easily share insights with key stakeholders, and delivers accurate and robust data for Census submissions and Ofsted.
