**Is your current MIS contract ending soon? Are you looking for an alternative MIS to what you have now?**

If yes is the answer to any of these questions, NYES your accredited support partner for the market leading MIS is here to help. NYES Digital invite you us for our MIS Discovery Days with Arbor, Bromcom, ScholarPack and SIMS.

We acknowledge the importance for schools to start considering options for their MIS provision, especially if your current contract is coming to an end. This is a fantastic opportunity to look at the different MIS systems, even if your current MIS agreement is not due for renewal just yet. We invite you to join the sessions to explore your options.

We are an agnostic MIS service provider, and we are unable to recommend specific MIS products. We will always support the school's own choice. However, we invite you to join us and meet with the suppliers, receive an overview of their systems and you will have an opportunity to ask any questions that you may have.

Please click on the links below to sign up for each discovery session that is of interest or scan the QR code to see our website article complete with sign-up links.
